Living the Mission Updates During Easter Season Seventh Sunday After Easter

During the Easter season we hear in the Bible readings, stories of the early church as they engage with others in Jesus' name. Living the Mission is a crucial way our Diocese works with congregations and the wider church to equip congregations, enable the saints, and engage the world. Attached is the sixth week of seven updates on different aspects of *Living the Mission* over the past year with testimonials from people and projects that benefited from its support. These are written to link with the readings for each week of the Easter Season and will conclude with the Day of Pentecost.

If you have any questions or would like me to speak about Living the Mission in your parish (including by Zoom), contact me at stewardship@sasktel.net or phone me at 306-591-5924.

Peace,
Ven. Cheryl Toth
Stewardship Officer

General Announcements

The Immanuel website is up and running! Check it out at www.immanuelanglicanregina.ca
Feedback on the site can be sent to info@immanuelanglicanregina.ca.

Starting in June Immanuel Anglican Church will be offering 2 services per Sunday. Both will be live streamed to our Facebook and Youtube channels.

At 9:30 am there will be a new service. It will be a recognizable anglican service but conducted in a more casual relaxed manner, Music will be provided by Blair and Carol Mills and praise band. As part of our vision of becoming a more diverse community this service aims to enable that.

At 11:00 am there will be a traditional Bas service, music will be provided by Jennifer Klippenstine on the organ. This will be a more formal experience, celebrated to the finest standards of Anglican liturgy.

Provided that lockdown measures are lifted and vestry approves the plan, there may be the possibility of a limited reopening of the services to in person worshipers as well. Stay tuned.

The Stewardship Committee:

Stewardship of Creation initiative in support of our Food Security Ministry

As the weather starts to warm up, our thoughts turn to outside activities. Immanuel is encouraging you to incorporate the culture of generosity when planting your garden this year. If you plant some extra rows of vegetables which can then be harvested in the fall to mitigate food insecurity it would be much appreciated. We will use these fruits or vegetables to help stock the community fridges in the city for those in need of nutritious food.

An Ecumenical Service for Pentecost at 3 pm on Sunday, May 23. The service will feature musicians and singers from several churches as well as a homily/message prepared by three leaders, sharing it together. The service will be streamed live and you find the link at: www.pentecost2020vision.com,

On May 30th at 2:00 pm the parish of Immanuel is hosting a town hall meeting via zoom to check in with the legacy members from the parish of St James, all members of Immanuel are welcome to join with the ministerial team to hear how the transition to Immanuel has effected the members of the former congregation of St James. In the coming weeks town halls are being planned for each of the Legacy congregations.

We are planning on touching on 4 main topics with no set time limits or objectives, just a chance to touch base and hear how things are really going.

Those topics are;

- 1) How has the 521 processes gone for you?
- 2) grief, fear, anger and loss
- 3) possibilities, hopes, and anticipation
- 4) how can Immanuel show you that you are valued today.

We hope to hear from as many people as possible and are looking forward to reconnecting and make new relationships.

See you that Sunday afternoon!

A light for every birth!

A light for every birth is PWRDF's newest project. For most parents-to-be, having light and electricity during their child's birth is not a second thought, but for many in rural Mozambique giving birth in the dark is a reality. PWRDF is building on its previous work done in 2016 by installing 50 more solar suitcases in rural medical clinics. A solar suitcase is a wall-mounted unit that opens like a suitcase and includes phone charging ports, a portable headlamp and a fetal Doppler to monitor baby's heartbeat that is connected to a roof mounted solar panel. Having light before, during and after the birth can greatly reduce the danger to new moms and their babies and allow medical staff to quickly identify and treat any labour problems.

For more information and make donations to this worthy cause please check the PWRDF's website:
<https://pwrdf.org/>

Let's help PWRDF provide a light for every birth. Give light, Give solar!
